In order to ensure the task following measures were undertaken:</p> <p>(i) A committee for development of academic calendar and Examination schedule was constituted comprising all the stakeholders. The committee met frequently to prepare the time schedules in line with recommendation of the University Grants Commission. The University administration notified the changes and made sure that all concerned adhered to the schedules. The submission of weekly report of online classes has all through been mandatory.</p> <p>(ii) The classes have been held online. All the faculty members were quite responsive to the situation and made all efforts to do the needful through various online means such as emails, google meet, recorded videos and other online resources. Remote access to the library resources was made possible to facilitate the efforts. To begin with, there were issues of getting used to the new mode of teaching. In addition, due to the remote location, connectivity issues remained a concern. But everyone adapted to the need and did his/her best.</p> <p>(iii) On the student's front also, there have been issues related to internet connectivity as SU has students from all over the North-Eastern states. Since the hostels are closed they went home ever since the physical classes were not possible. Despite all the issues, all the students exhibited their intention to learn.</p> <p>(iv) In case of practical classes, theoretical aspects of the experiments (Principle, Methodology, expected observations etc.) were shared with the students and the practical examinations were held accordingly.</p> <p>In brief, the online classes have issues on account of the internet connectivity and equipment related issues, SU faculty did its best to impart the education as best as possible under the given circumstances.</p> | | |
