SWAYAM stands for "Study Webs of Active-Learning for Young Aspiring Minds". It is an indigenous MOOC platform initiated by the Government of India to ensure quality education through online mode from secondary to Higher education levels. It was launched on 9th July 2017. SWAYAM aims to achieve the three cardinal principles of Education Policy viz., access, equity, and quality. SWAYAM seeks to bridge the digital divide for students who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy.

The SWAYAM credit framework notified by UGC allows a learner to complete 40% of their courses in a semester through SWAYAM. Academic Bank of Credit (ABC) is also facilitating credit accumulation and transfer of credit earned through SWAYAM. Future belongs to online education and blended learning, and SWAYAM is going to play a pivotal role in it.
